

## Year 1 Week beginning 19th June 2017

### RE

This week we listened to the stories about Levi and Zacchaeus and how we discussed how they relate to saying sorry and forgiveness.

### Literacy

Rob the Ranger from Zoolab visited us this week. We learnt all about different animals, from Shelly the African Land Snail to Ted the Salamander and Maggie the Giant hissing cockroach. We had great fun holding the animals and writing up a recount about Rob's visit.

### Maths

In maths this week we looked at arrays and division. We solved real life problems using sharing and grouping. We helped Mrs Sherwood plan her garden design. We helped her to solve how many rows she was going to plant her vegetable seeds in.

### DT/Science

This week with Mrs Druey we learnt the skills of chopping and piping. We made healthy vegetable caterpillar and snail snacks they were yummy!
