

Year 1 Week beginning 26th June 2017

RE

In RE we looked at the different ways to say sorry and explored God's rule about Love one another.

Literacy

Putting our researchers hats on this week we researched facts about our favourite minibeasts on the ipads and computer via Google web search. We used this information to start creating our own fact file brochure about the minibeasts.

Maths

We used our knowledge of positional language this week to direct our friends to the treasure outside and complete a drawing using vocabulary such as: left of, on top, below, to the right, clockwise and anti clockwise.

DT/Science

This week with Mrs Druey we learnt the skills of pouring and blending. We made healthy spider fruit smoothies.

PE

Our class was lucky to go to the Key Stage 1 Athletics event at Trinity this week. We competed in fun athletic games including, long jump, howler throw, target throwing and team relay games.
