

**Y6 Learning Journey**  
**Week Beginning 29/1/18**

**RE- Sources**

We celebrated the end of our Sources with a class collective worship- which we all really enjoyed planning. We have gained a much greater understanding of the Bible, how it is set out and the books which it contains.

**Numeracy- Fractions**

We have all really enjoyed developing our understanding of fractions, decimals and percentages. We are now able to work out % of amounts with increasing confidence, accuracy and efficiency. We are also able to compare fractions, decimals and percentages and have use this knowledge to answer a number of problems, where we have had to reason about fractions,

**Literacy- Ancient Greek Myths**

We all had great fun planning, writing, editing and presenting our own version of Theseus and the Minotaur. We used our vocabulary bank, which we built up ast week, to ensure we included a wide range of topic linked vocabulary. We also included characteristics of our self-designed mythical beasts.

**Literacy/ICT/Art- Ancient Greek Myths Animation**

We spent a day producing our own animation based on Theseus and the Minotaur.

We had great fun as we developed our collabaration and team building skills.
