

RE-Families

We explored the story of the two brothers and Psalm 16. We made collages of all the wonderful things God has created for us.

Literacy

Using the photos from the Transporter Trip we wrote a recount about our visit.

Numeracy

In numeracy we represented numbers to 20 and compared the amounts saying what is more than less and some of us explored equal to.

Science

Using our friends as models we labelled our bodies and explored our senses.
