

Year 5 - Week Beginning 3rd September, 2018

R.E. - Loving

Our first topic this year is loving. We have talked together about unconditional love and what it means to us. We've also talked together about how we show love to others and how others show their love to us.

Writing - Non-Chronological Report

This week we have focused on the different word classes. After this we began to research and plan our non-chronological reports about WW1. We have completed fantastic planning frames that will really support our writing next week!

Numeracy

During our Numeracy lessons this week we have focused on place value. We have worked really hard with the place value of numbers upto 10,000, 000 and have solved some tricky problems too.

Tag Rugby

Year 6 were fantastic this week during our tag rugby lesson. We have been focussing on accurate passing and catching.
